Make sure to use a surge protector to protect power adapter.

Ajna Light Warranty:

The warranty is for one year from the date of purchase. If any component fails during this time, please send an email to guyharriman@gmail.com explaining the problem. You will need to pay for postage to Thailand but the repair and return postage will be covered by the warranty. The Ajna Lamp is a computer, you must shut it down like a desktop computer. Touch the red shutdown icon in the browser, and wait for countdown from 9 to 0 before removing power to protect the SD card in the Lamp. Failure to shutdown properly is not covered by the warranty.
